Reflections on the Egyptian banking system and the new macroeconomic dynamics that drive current and future performance- Inspirations for planning & assumptions!

Unique and inspiring session gathering **Mr. Todd Wilcox**, the *CEO and Deputy Chair of HSBC Egypt* and **Dr. Nada Massoud**, the *Advisor to the Minister of Planning and Economic Development and Head of the Macroeconomic and Policy Unit*, to discuss critically the current and future performance of the banking sector in Egypt; how fiscal and monetary policies affect the banking sector; What is in store for next year to help with planning and assumptions; the global financial trends and developments that might influence the future of the Egyptian banking system and both will take questions from the audience.

10:45 AM to 11:30 AM

Balancing Data with Dollars – The economics of cyber security

As finance is one of the most vulnerable areas for malicious attacks, Finance leaders need to get involved in managing cybersecurity. It is essential to educate all stakeholders to ensure widespread compliance. In addition, the complexity of cybersecurity challenges is opening up the possibility of a new boardroom role. Explore the latest on all this with **Mr. Chandra Prakash Suryawanshi (CP)**, *Partner with KPMG* as he shows the audience how investment in cyber security can improve business economics by increasing business efficiency, reducing business risk, optimizing cost and increasing security effectiveness.
